

Dear Students and Parents,

Our school administration is in the process of preparing the 2011 - 2012 master schedule based upon the needs and the progress of the students at Kingsway Regional High School. In order to assist in the efficient preparation of this schedule, and to personally ensure that it meets both your aspirations and goals, we ask that parents and students give long and serious thought to the course selections being made. These selections should be based on the student's ability and interests, as well as on his or her school record to date. Also, please be advised of the schedule change policy that prohibits any changes to the 2011 – 2012 schedule (including electives) after the 2010 – 2011 school year ends, except due to clerical error or summer school completion.

Guidance counselors and teachers are ready to discuss your child's schoolwork and potential with you. It is highly recommended that parents attend their child's scheduling appointment. We thank you in advance for your contribution to your child's success in planning his or her future!

Sincerely,

Paul Bracciante
Principal
